

DOCKER HUB

Fundamentos

➤ Repositorio público en la nube que cuenta con miles de imágenes disponibles para libre uso

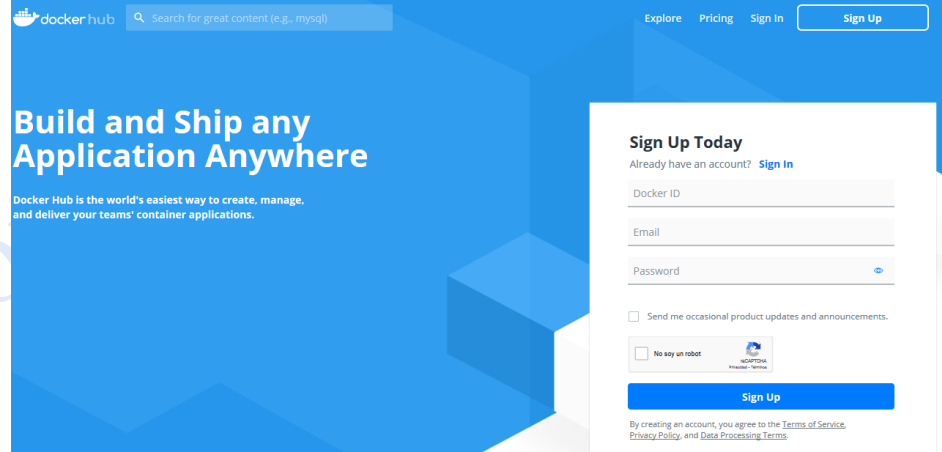

➤ Es posible subir nuestras imágenes a docker hub para poder desplegarlas en cualquier equipo

Creación de una cuenta

➤ Para poder subir imágenes a docker hub, debemos crear primero una cuenta gratuita:

<https://hub.docker.com/>

The screenshot shows the Docker Hub website's sign-up interface. The background is blue with the text 'Build and Ship any Application Anywhere' and a description of Docker Hub. A white sign-up form is overlaid on the right. The form includes fields for 'Docker ID', 'Email', and 'Password'. There are checkboxes for 'Send me occasional product updates and announcements.' and 'No soy un robot' (I am not a robot). A blue 'Sign Up' button is at the bottom of the form. Below the button, there is a link to the 'Terms of Service' and 'Data Processing Terms'.

By creating an account, you agree to the [Terms of Service](#), [Privacy Policy](#), and [Data Processing Terms](#).

Creación de un repositorio

➤ Para subir imágenes a docker hub, debemos crear un repositorio en el que serán guardadas

Create Repository

ajms66 **imagenes_cloud**

Description

Visibility

Using 0 of 1 private repositories. [Get more](#)

☒ **Public**  Public repositories appear in Docker Hub search results

☐ **Private**  Only you can view private repositories

Build Settings *(optional)*

Autobuild triggers a new build with every **git push** to your source code repository. [Learn More](#)

 **Please re-link a GitHub or Bitbucket account**

We've updated how Docker Hub connects to GitHub and Bitbucket. You'll need to re-link a GitHub or Bitbucket account to create new automated builds. [Learn More](#)

Subida de imágenes a docker hub

➤ Se deberán seguir los siguientes pasos:

▪ Autenticación en docker hub

```
>docker login -u usuario
```

▪ Etiquetar la imagen

```
>docker tag imagen usuario/repositorio:etiqueta
```

▪ Subir la imagen

```
>docker push usuario/repositorio:etiqueta
```
